Our People are our most important asset

• ISP recognised as Top Employer Europe 2025⁽¹⁾ 🖳 and confirmed Top Employer Italy⁽¹⁾ 🛄 for the fourth consecutive year

Ranked first among Banking & Finance companies in the LinkedIn Top Companies 2025 of for career development and professional growth

Massive upfront de-risking, slashing Cost of risk

Key highlights

- Massive deleveraging with €5.3bn gross NPL stock reduction in 2022-1Q25, reducing Net NPL ratio to 1%⁽¹⁾ and anticipating Business Plan target
- Focus on modular approach and sectorial forward looking factoring in the macroeconomic scenario and on proactive credit management
- Focus on Banca dei Territori Division action plan, with strong management of underlying Cost of risk, NPL inflow from Performing loans and new solutions for new needs arising in the current scenario
- Enhanced risk management capabilities: comprehensive and robust Risk Appetite Framework encompasses all the key risk dimensions of the Group

Massive upfront de-risking, slashing Cost of risk

- Introduction of a Sectorial Framework which assesses the forward-looking profile of each economic sector on a quarterly basis across different countries. The sectorial view, approved by a specific management committee, feeds all the credit processes in order to prioritise credit decisions and action plans
- Cybersecurity anti-fraud protection extended to new products and services for retail customers, including the use of Artificial Intelligence; adoption of Open Source Intelligence solutions to empower cyber threat intelligence capability
- Enhanced protection of both the remote access to company applications and the access to corporate workstations enabling multi-factor authentication, and at the same time improving user experiences through frictionless processes
- Enhanced protection from cyber-attacks in terms of detection/recovery and improved internal awareness of cyber-attacks (e.g., phishing)
- Further enhanced security levels of digital services also through the adoption of advanced solutions and technologies for the remote biometric recognition of internal users and customers, improving their user experience
- In the EBA Clearing "Fraud Pattern and Anomaly Detection" (FPAD) project, ISP is among the first European banks to integrate the risk score provided by the EBA into its anti-fraud systems for corporate transactions (bank transfers and instant credit transfers)
- Set up of the Anti Financial Crime (AFC) Digital Hub, aimed at becoming a national and international centre open to other financial institutions and intermediaries, with the goal of combating money laundering and terrorism through new technologies and Artificial Intelligence, based on a public-private collaboration model
- Set up of the new AFC model based on an international platform and competence centres specialised in Transaction Monitoring, Know Your Customers and Financial Sanctions
- The Balance Sheet Optimisation unit continued expanding the credit risk hedging schemes to optimise capital absorption. In 1Q25, a new synthetic securitisation was completed, for an initial amount of ~€0.5bn, on a ramp-up of Italian SME loan portfolio. As at 31.3.25, the outstanding securitised portfolio of synthetic securitisation transactions included in the GARC Program (Gestione Attiva Rischio di Credito Active Credit Risk Management) was equal to ~€27bn
- Further strengthened the capital efficiency initiatives and extended the scope of Credit Strategy to ESG criteria, shifting €8.7bn of new lending in 1Q25 (~€21bn in 2024 and >€18bn in 2023) to more sustainable economic sectors with the best risk/return profile

2022-2025 Business Plan proceeding at full speed

Significant ESG commitment, with a world-class position in Social Impact and strong focus on climate (1/5)

- Expanding food and shelter program for people in need to counter poverty by providing concrete aid throughout the Italian territory and abroad. In 2022-1Q25, 55.7m interventions carried out, providing ~44.9m meals, 4.0m dormitory spaces, 6.2m medicine prescriptions and >606,000 articles of clothing
- Employability:
 - "Giovani e Lavoro" Program aimed at training and introducing more than 3,000 young people to the Italian labour market in the 2022-2025 Business Plan horizon. >1,600 students (aged 18-29) applied for the program in 1Q25: >900 interviewed and >340 trained/in-training through 13 classes (>5,200 trained/in-training since 2019). >2,480 companies involved since its inception in 2019
- The "Digital Restart" Program continues, still aiming at training and placing in the labour market unemployed people aged 40-50 through the financing of a Master in Data Analysis in order to develop new digital skills and re-enter the job market. The fifth edition of the program, with 50 participants in Rome and Milan, ended in February 2025, and placement support activities for participants who have joined this opportunity are currently underway
- Inequalities and educational inclusion:
 - Educational inclusion program: strengthened partnerships with main Italian universities and schools: >1,400 schools and ~14,000 students involved in 1Q25 to promote educational inclusion, supporting merit and social mobility (>5,000 schools involved in 2022-1Q25)
 - Launched in April 2023 "Futura", a program promoted by Save the Children, Forum Disuguaglianze e Diversità and Yolk, with the collaboration of ISP, against female educational poverty, educational failure and early school leaving. The two years pilot project is running in 3 territorial areas with socio-economic disadvantages. It promotes growth and autonomy paths through personalised training courses for 300 girls and young women, including 50 young mothers. 350 training courses already activated
 - In Action Esg NEET: a social impact initiative launched by the Insurance Division in early 2022 and dedicated to the promotion and inclusion of NEET youth and other fragile categories in the world of work. From the start of the project, 12 classes were activated. The training programs involved a total of ~200 people, each attending a curricular internship in social-health or educational facilities. The courses are promoted by the collaboration between Intesa Sanpaolo Assicurazioni, Fideuram Vita, Dynamo Camp ETS and Dynamo Academy

Disclaimer

"The manager responsible for preparing the company's financial reports, Elisabetta Stegher, declares, pursuant to paragraph 2 of Article 154 bis of the Consolidated Law on Finance, that the accounting information contained in this presentation corresponds to the document results, books and accounting records".

* * *

This presentation includes certain forward looking statements, projections, objectives and estimates reflecting the current views of the management of the Company with respect to future events. Forward looking statements, projections, objectives, estimates and forecasts are generally identifiable by the use of the words "may," "will," "should," "plan," "expect," "anticipate," "estimate," "believe," "intend," "project," "goal" or "target" or the negative of these words or other variations on these words or comparable terminology. These forward-looking statements include, but are not limited to, all statements other than statements of historical facts, including, without limitation, those regarding the Company's future financial position and results of operations, strategy, plans, objectives, goals and targets and future developments in the markets where the Company participates or is seeking to participate.

Due to such uncertainties and risks, readers are cautioned not to place undue reliance on such forward-looking statements as a prediction of actual results. The Group's ability to achieve its projected objectives or results is dependent on many factors which are outside management's control. Actual results may differ materially from (and be more negative than) those projected or implied in the forward-looking statements. Such forward-looking information involves risks and uncertainties that could significantly affect expected results and is based on certain key assumptions.

All forward-looking statements included herein are based on information available to the Company as of the date hereof. The Company undertakes no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as may be required by applicable law. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by these cautionary statements.
