09/06/2010**

On the occasion of the 8<sup>th</sup> edition of the Sodalitas Social Award, particular attention was paid to the initiatives taken for improving energy consumption and CO<sup>2</sup> reduction.

In order to increase awareness in other companies and to set a wider virtuous circle in motion, Sodalitas Foundation decided to attribute the special award of “Champion of the environment” to those organizations which stood out for their dedication in contributing towards blocking the greenhouse effect, fighting climate change and improving the quality of life.

Our bank was included in this list thanks to our long-standing commitment to environment-friendly initiatives.
